UPLAND GAME BIRD HARVEST DATA RECONCILIATION REPORT

Prepared by: Jim Williams
January, 1993

PURPOSE, SOURCE, AND CONTENT

The purpose of this project is to provide Department personnel working on the Wildlife Management Programmatic Environmental Impact Statement with a summary of upland game bird harvest from 1971-1991. Harvest data were compiled from bound Harvest Survey reports and reconciled against other documents (Microfiche) at the county, regional, and state wide levels from 1971-1991. There are 4 parts to this report: 1) Upland Game Bird Harvest Reconciliation Guide, 2) Upland Game Bird Data Reconciliation Report, 3) Upland Game bird regulations for the period of 1971-1992, and 4) Appendix.

Upland game bird harvest data were reviewed and tabulated by year from 1971-1991. The methods of game bird harvest data collection varied considerably among individual years. The method of reporting the number of game birds harvested by species per year was consistent throughout the years tabulated. The game bird harvest data may provide a data base more suitable for detailed analysis than the hunter class or effort data. The method of reporting various hunter classes, total hunters, and hunter effort varied considerably throughout the years tabulated and are explained in the reconciliation guide below.

Generally, documentation of upland game bird harvest data improved in 1977 with the addition of a preface to explain methods and terms used in the harvest report. Regional harvest totals prior to 1981 for Region 6 and Region 7 should be interpreted with caution as Richland county during different years is reassigned among the 2 regions (see reconciliation guide by years).

The upland game bird harvest summary contains 29 variables compiled at the state wide level, 26 variables compiled at the regional level, and 24 variables compiled at the county level for the period 1971-1991. The following is a list of variables and their report heading abbreviations:

1 YEAR
2 AREA = County, Region, or State
3 HUNTERS = # of hunters
4 H_DAYS = hunter days
5 PHEAS = pheasant
6 SHARP = sharp-tailed grouse
7 SAGE = sage grouse
8 HUNS = hungarian partridge
9 BLUES = blue grouse
10 RUFF = ruffed grouse
11 SPRUCE = spruce grouse
12 SNIPE = snipe

13 CHUKAR = chukar
14 DOVE = dove
15 TTL_KILL = total # of birds harvested
16 R_HNTRS = # of resident hunters
17 N_HNTRS = # of nonresident hunters
18 R_LIC = # of resident licenses sold
19 N_LIC = # of nonresident licenses sold
20 PH_DAYS = days hunted for pheasant
21 SH_DAYS = days hunted for sharp-tailed grouse
22 SG_DAYS = days hunted for sage grouse
23 HN_DAYS = days hunted for hungarian partridge
24 BL_DAYS = days hunted for blue grouse
25 RU_DAYS = days hunted for ruffed grouse
26 SP_DAYS = days hunted for spruce grouse
27 SN_DAYS = days hunted for snipe
28 CH_DAYS = days hunted for chukar
29 DV_DAYS = days hunted for dove
30 NOTES = additional notes

UPLAND GAME BIRD HARVEST DATA RECONCILIATION GUIDE

1991 - 1988

Data are from a bound hardcopy. Method of data collection is clear. Hardcopy contains a preface which explains terms used. Total # of hunters statewide, hunter days region and county wide, nonresident and resident hunters region and county wide, and game bird species harvested are all estimated.

1987 - 1986

Large change in the way the data was collected in terms of hunter days. Hunter days were estimated on a "days by species" basis. Caution should be exercised in interpreting hunter effort when using "hunter days by species" data as an individual can hunt opportunistically and harvest multiple species in one day. Total hunters, resident hunters, and nonresident hunter totals were not collected. Instead, # of resident and nonresident licenses sold were estimated. There was no change in the way the game bird harvest data was presented.

1985 - 1983

No preface in hardcopys to explain terms used. The data was presented similar to 1987-1986. Resident liscences sold varied while estimated nonresident licenses sold was consistently near 17000 due to drawings for these limited licenses. There was no change in the way game bird harvest data was presented. In 1983, Lincoln county in region 1 reported a pheasant harvest of 3109 birds. This figure is considerably higher than the previous or following years reported (> 3,000) indicating a possible data reporting error in the 1983 data.

1982

The data were presented similar to 1987-1986. No dove harvest data were collected.

1981 - 1980

The data were presented similar to 1987-1986. No dove harvest data were collected. Richland county moved from region 6 to region 7.

1979

The data were presented similar to 1987-1986. No dove harvest data were collected. Estimated total hunter, resident hunter, and nonresident hunter data were presented.

1978 - 1975

The data were presented similar to 1987-1986. No dove or snipe harvest data were collected. Estimated state wide resident plus nonresident bird hunters did not equal estimated total hunters. The discrepancy in estimated total game bird harvest vs cumulative harvest by species represents an unknown bird harvest category. In 1976, Richland county moved back to region 6 from region 7.

1974 - 1971

Large change in the way the bird harvest data were presented. Estimated total game bird hunters, harvest by species, and total game bird harvest were presented only. In 1973, Richland county moved back to region 7 from region 6. In 1973, a table in the hard copy was presented entitled "revised game bird harvest" which was a summary of unidentified variables thus 1973 data should be interpreted with caution. In 1972, Richland county moved back to region 6 from region 7. No dove or snipe harvest were collected.

UPLAND GAME BIRDS & FALCONRY

1990 HUNTING REGULATIONS
STATE OF MONTANA

General Regulations

Licenses—The following licenses are available at all Fish, Wildlife and Parks offices and most license agents throughout the state. The license is valid March 1 through February of the following year.

	Res.	Nonres.
Conservation (required prerequisite*)	$2.00	$ 2.00
Upland Game Bird (required prerequisite for turkey*)	$6.00	$53.00
Fall Season Turkey	$3.00	$13.00

*The resident Sportsman's License and the nonresident Big Game Combination License and the nonresident Deer Combination License, include both a conservation and bird license.

Landowner Sponsored Deer Combination License holders may hunt upland game birds only on the landowner sponsor's property.

Montana residents 12-14 years of age, 62 and older or holders of a Disabled Resident Conservation License need only a conservation license to hunt all upland game birds, except turkey. Persons under 12 years of age may not hunt upland game birds.

Hunter Education—Both resident and nonresident youths 12-17 years of age must provide a Certificate of Competency in the safe handling of firearms before they may purchase a hunting license. **Archery hunters** are required, in addition to firearm safety, to provide a Certificate of Competency in the safe handling of bow hunting tackle from the National Bowhunter Education Program.

Landowner Permission—Sportsmen are reminded that landowner permission is required to hunt on posted land. You are encouraged to "Ask First" to hunt on land not posted.

Possession Limits—Sharptailed grouse, sage grouse, partridge, mountain grouse, and pheasant are **FOUR** times the daily bag for each species.

Avoid Violations of the Law—It is illegal to shoot any game bird on, from, or across any public highway, or the shoulder, berm, or borrow-pit, or right-of-way of any public highway, and/or motor driven conveyance.

Checking Stations—All Sportsmen are required to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked.

Shooting Hours—Authorized shooting hours for the taking of upland game birds begin one-half hour before sunrise to one-half hour after sunset each day of the hunting season. See official sunrise-sunset tables in these regulations.

Steel Shot—Sportsmen are reminded that steel shot is NOT required for the hunting of upland game birds. It is required for the hunting of waterfowl (excludes snipe and mourning doves) or coots.

Wanton Waste—It is illegal to waste any part of any game animal, game bird, or game fish suitable for food. Following are game bird parts "suitable for food":

All birds that fall into the size category of the partridge or smaller, only the breasts must be retained.

All birds larger than a partridge up to the size category of, and including, pheasants and sage grouse, the breasts and the thighs must be retained.

All turkeys, the breasts, thighs and wings must be retained.

Indian Reservations—Sportsmen hunting on Indian reservations should check Indian reservation regulations because season dates and bag limits may differ from state regulations.

	Res.	Nonres.
Conservation (requirad prerequisita*)	$2.00	$ 2.00
Upland Game Bird (required prarequisita for turkey*)	$6.00	$53.00
Fall Season Turkey	$3.00	$13.00

*The resident Sportsman's Licensa and the nonresident Big Game Combination License and tha nonresident Deer Combination License, include both a conservation and bird license.

Nonresident landowner Sponsored Deer Combination License holdars may hunt upland game birds only on the land owned by the landowner sponsor. This does not include leased or public land.

Montana residents 12-14 yaars of age, 62 and older or holders of a Disabled Resident Conservation License need only a conservation license to hunt all upland game birds, except turkey. Persons under 12 years of age may not hunt upland game birds.

Avoid Violations of the Law—It is illegal to shoot any game bird on, from, or across any public highway, or the shouldar, berm, or borrow-pit, or right-of-way of any public highway, and/or motor driven conveyance.

Checking Stations—All Sportsmen ara required to stop as directed at all designated check stations on their way to and from hunting and fishing araas, even if they hava no game or fish to be checked.

Hunter Education—Both resident and nonresident youths 12-17 years of age must provida a Certificate of Competancy in the safe handling of firearms before they may purchase a hunting license. **Archery hunters** 12-17 years of age are required, in addition to firearm safety certification, to provida a Certificate of Competency in the safe handling of bow hunting tackle from the National Bowhunter Education Program.

Indian Reservations—Sportsmen hunting upland game birds on Indian reservations should check Indian reservation regulations becausa season dates, bag limits, licensing requirements, shooting hours, legal species and shot shell requirements may differ from stata regulations.

Landowner Permission—Sportsmen are raminded that landowner permission is required to hunt on posted land. You are encouraged to "Ask First" to hunt on land not posted.

National Wildlife Refuges—More restrictive regulations may apply to national wildlifa refuges open to public hunting. For additional information on Federal regulations, contact Special Agent-in-Charge, U.S. Fish and Wildlifa Service, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225. Telephone: 303-234-4612.

Possession Limits—Sharp-tailed grouse, sage grouse, partridge, mountain grouse, and pheasant possession limits are FOUR times the daily bag for each specias.

Shooting Hours—Authorized shooting hours for the taking of upland game birds begin one-half hour before sunrise to one-half hour after sunset each day of the hunting season. See official sunrise-sunset tables in thesa regulations.

Steel Shot—Sportsmen are reminded that steel shot is NOT required for the hunting of upland game birds. It is required for the hunting of waterfowl (excluding snipe and mourning doves) or coots.

Wanton Waste—It is illegal to waste any part of any game animal, game bird, or game fish suitable for food. Following are game bird parts "suitabla for food":

All birds that fall into the siza category of the partridge or smaller, only the breasts must be retained.

All birds larger than a partridge up to the siza category of, and including, pheasants and sage grouse, the breasts and the thighs must be retained.

All turkeys, the breasts, thighs and wings must be retained.

MIGRATORY BIRDS

General Regulations

Means of Taking—Migratory birds may be taken only with long bow and arrow or shotgun not larger than ten gauge incapable of holding more than three shells fired from the shoulder. May not be taken from or by means, or aid of, or use of a sinkbox, aircraft, motor vehicle, or motor-driven conveyance of any kind, except a motorboat when the motor has been shut off and the boat has stopped. Use of any electronic or phonographic waterfowl-calling device is illegal, as are live decoys.

Possession of Live Birds—Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

Restrictions—No person shall take migratory birds by driving, rallying, or chasing birds with any motorized conveyance or any sail boat to put them in range of the hunter; by the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement). Hunters should be aware that a baited area is considered to be baited 10 days after the removal of the bait, and it is not necessary to the hunter to know an area is baited to be in violation.

Shipment—No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

Tagging—No person shall give, put or leave any migratory birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: 1) The hunter's signature. 2) The hunter's address. 3) The total number of birds involved, by species. 4) The dates such birds were killed. Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment, or taxidermy services.

By order of the Montana Fish, Wildlife and Parks Commission, the seasons, limits and regulations listed herein shall govern the 1992 and 1993 upland game bird and falconry hunting season. These regulations are valid March 1, 1992, through February 28, 1994, and were adopted by the Fish, Wildlife and Parks Commission on February 7, 1992. K. L. Cool, Secretary.

Montana Department of Fish, Wildlife & Parks

UPLAND GAME BIRDS & FALCONRY

1992 & 1993 HUNTING REGULATIONS
STATE OF MONTANA

Beginning in 1992, the upland game bird and falconry regulations are adopted on a biennial basis. The seasons, limits and regulations listed herein are valid through February of 1994.

General Regulations

Licenses—The following licenses are available at all Fish, Wildlife and Parks offices and most license agents throughout the state. The license is valid March 1 through February of the following year.

	Res.	Nonres.
Conservation (required prerequisite*)	$4.00	$ 5.00
Upland Game Bird (required prerequisite for turkey*)	$6.00	$55.00
Fall Season Turkey	$4.00	$13.00

*The resident Sportsman's License and the nonresident Big Game Combination License and the nonresident Deer Combination License, include both a conservation and bird license. Nonresident Landowner Sponsored Deer Combination License holders may hunt upland game birds only on the land owned by the landowner sponsor. This does not include leased or public land.

Montana residents 12-14 years of age, 62 and older or holders of a Disabled Resident Conservation License need only a conservation license to hunt all upland game birds, except turkey. Persons under 12 years of age may not hunt upland game birds.

A valid "Resident of Flathead Reservation Use Permit" with a valid Flathead Reservation bird stamp will be honored by the State wherever hunting for upland or migratory birds is lawful in Montana.

Avoid Violations of the Law—It is illegal to shoot any game bird on, from, or across any public highway, or the shoulder, berm, or borrow-pit, or right-of-way of any public highway, and/or motor driven conveyance.

Checking Stations—All sportspersons are required to stop as directed at all designated check stations on their way to and from hunting and fishing areas, even if they have no game or fish to be checked.

Hunter Education—Both resident and nonresident youths 12-17 years of age must provide a Certificate of Competency in the safe handling of firearms before they may purchase a hunting license. **Archery hunters** 12-17 years of age are required, in addition to firearm safety certification, to provide a Certificate of Competency in the safe handling of bow hunting tackle from the National Bowhunter Education Program.

Indian Reservations—Sportspersons hunting upland game birds on Indian reservations should check Indian reservation regulations because season dates, bag limits, licensing requirements, shooting hours, legal species and shot shell requirements may differ from state regulations.

The State of Montana and the Confederated Salish and Kootenai Tribes have entered into a cooperative management agreement on the Flathead Reservation. Please check for upland game bird regulations specific to the Flathead Reservation. For information call Fish, Wildlife & Parks at (406) 752-5501 or the Tribes at (406) 675-2700.

Landowner Permission—Sportspersons are reminded that landowner permission is required to hunt on posted land. You are encouraged to "Ask First" to hunt on land not posted.

1992-1993

General Regulations — Continued

National Wildlife Refuges—More restrictive regulations may apply to national wildlife refuges open to public hunting. For additional information on Federal regulations, contact Special Agent-in-Charge, U.S. Fish and Wildlife Service, P.O. Box 25486, Denver Federal Center, Denver, Colorado 80225. Telephone: (303) 234-4612.

Possession Limits—Sharp-tailed grouse, sage grouse, partridge, mountain grouse, and pheasant possession limits are **four** times the daily bag for each species.

Shooting Hours—Authorized shooting hours for the taking of upland game birds begin one-half hour before sunrise to one-half hour after sunset each day of the hunting season. See official sunrise-sunset tables in these regulations.

Steel Shot—Sportspersons are reminded that steel shot is **NOT** required for the hunting of upland game birds. It is required for the hunting of waterfowl (excluding snipe and mourning doves) or coots.

Wanton Waste—It is illegal to waste any part of any game animal, game bird, or game fish suitable for food. Following are game bird parts "suitable for food":

All birds that fall into the size category of the partridge or smaller, only the breasts must be retained.

All birds larger than a partridge up to the size category of, and including, pheasants and sage grouse, the breasts and the thighs must be retained.

All turkeys, the breasts, thighs and wings must be retained.

MIGRATORY BIRDS

The Migratory Bird regulations listed herein are subject to Federal approval in mid-August.

General Regulations

Means of Taking—Migratory birds may be taken only with long bow and arrow or shotgun not larger than ten gauge incapable of holding more than three shells fired from the shoulder. May not be taken from or by means, or aid of, or use of sinkbox, aircraft, motor vehicle, or motor-driven conveyance of any kind, except a motorboat when the motor has been shut off and the boat has stopped. Use of any electronic or phonographic waterfowl-calling device is illegal, as are live decoys.

Possession of Live Birds—Wounded birds reduced to possession shall be immediately killed and included in the daily bag limit.

Restrictions—No person shall take migratory birds by driving, rallying, or chasing birds with any motorized conveyance or any sail boat to put them in range of the hunter; by the aid of baiting (placing feed such as corn, wheat, salt, or other feed to constitute a lure or enticement). Hunters should be aware that a baited area is considered to be baited 10 days after the removal of the bait, and it is not necessary to the hunter to know an area is baited to be in violation.

Shipment—No person shall ship migratory game birds unless the package is marked on the outside with: (a) the name and address of the person sending the birds, (b) the name and address of the person to whom the birds are being sent, and (c) the number of birds, by species, contained in the package.

Tagging—No person shall give, put or leave any migratory birds at any place or in the custody of another person unless the birds are tagged by the hunter with the following information: 1) The hunter's signature. 2) The hunter's address. 3) The total number of birds involved, by species. 4) The dates such birds were killed. Tagging is required if the birds are being transported by another person for the hunter, or if the birds have been left for cleaning, storage (including temporary storage), shipment, or taxidermy services.

MOURNING DOVES—

STATEWIDE September 1-October 30

Bag Limits: 15 daily and 30 in possession.

Shooting Hours: Authorized shooting hours begin one-half hour before sunrise to sunset each day of the hunting season.

Means of Taking: Doves may be taken with a shotgun not larger than a ten gauge capable of holding not more than three shells, or long, recurve or compound bow and arrow. All other means of taking are prohibited.

It is illegal to hunt by the use of baiting. It is illegal to shoot doves resting on utility lines or fixtures adjacent to those lines.

A Federal Migratory Bird Stamp is not required. A complete synopsis of regulations pertaining to migratory game birds are available from any Fish, Wildlife & Parks regional office or the Helena Headquarters (available in mid-September).

COMMON (WILSON'S) SNIPE—

STATEWIDE September 1-December 16

Bag Limits: 8 daily and 16 in possession.

1992-1993

MERRIAM'S WILD TURKEY — FALL SEASON

SEASON OATES: September 1-December 15

Bag Limit: One wild turkey.

EXCEPTION: Bag limit in portions of southcentral and southeastern Montana described below is two (2) fall wild turkeys. (Sportspersons must have a license for each turkey taken.)

GENERAL FALL TURKEY HUNTING AREAS: The areas listed below are open to all sportspersons who hold a valid Fall Turkey License. Special permits are not required in the areas listed below.

Hill, Chouteau, Fergus, Wheatland, Golden Valley, Yellowstone and **Big Horn Counties and all counties lying east of these.**

TWO WILD TURKEY licenses will be valid in those portions of southcentral and southeastern Montana lying within the following described boundary:

Carter, Custer, Fallon, Powder River, Prairie, Rosebud, Treasure, and Wibaux counties in their entirety **AND** those portions of Garfield and McCone counties lying west of Big Dry Arm of Fort Peck Reservoir, the Big Dry Creek, and Little Dry Creek, and south of State Route 200. **AND** those portions of Richland and Dawson counties lying south and east of State Route 200. **AND** those portions of Musselshell and Yellowstone counties bounded on the west by the Melstone-Custer Road between Melstone and the Yellowstone River Bridge at Custer downriver to the Bighorn River. **AND** those portions of Big Horn County lying east of the Bighorn River. Note: On the Crow and Northern Cheyenne Indian Reservations, the Fall Wild Turkey Season applies only to those lands which are owned in Fee by non-members of the Tribes.

Tagging: Immediately after harvesting your wild turkey, cut out the proper month and day from the license (if more than one date is cut, the license is invalid) and affix to the leg of the wild turkey.

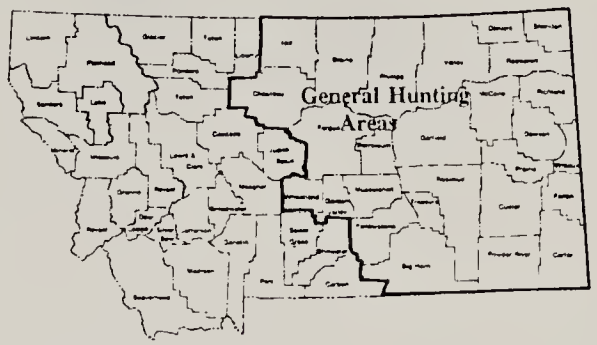
Means of Taking: Wild turkey may be taken with a shotgun not larger than a ten gauge, long, recurve or compound bow and arrow, rifle or handgun.

FALL TURKEY SPECIAL PERMIT HUNTING AREAS. Listed below are areas where limited numbers of fall turkey permits are being made available to sportspersons through a drawing. Permit quotas listed are tentative and are finalized at the March Fish, Wildlife and Parks Commission meeting. Successful applicants are authorized to use their fall turkey permit in conjunction with their fall turkey license, to hunt in an area that is otherwise closed to fall turkey hunters.

Flathead, Lake and Sanders Counties:

A total of 350 special fall either-sex turkey permits will be issued for this area. Hunting will be by permit only—shotgun/archery only.

Applicants must submit in writing their name, address, current year conservation license and a $3. nonrefundable drawing fee to the Department of Fish, Wildlife and Parks, 490 North Meridian Road, Kalispell, MT 59901. Applications must be postmarked by July 1 to be eligible for the drawing. Successful applicants will be notified by mail and will be required to purchase a valid fall season turkey license before hunting.



DISTRIBUTION OF THE MERRIAM'S TURKEY IN MONTANA

Because the distribution of turkeys in Montana is currently expanding, this map shows only their approximate locations in the state. **It does NOT show special permit areas, general hunt areas, or any other legally described hunting areas.**
